

Dear Praying Friends,

The Lord continually goes above and beyond as we prepare for Summer 2020! We will have summer camp, and we cannot wait to serve you! On May 15th the Camp Joy Board unanimously approved a reduced-capacity summer camper plan.

We have published our safety measures as we go forward with our new plans. Please look at the Camp News page on our website and make yourself aware of the changes.

God has given us an amazing opportunity, and we want to thank everyone who has prayed, given, and helped in multiple ways.

The safety of you, your children, and church is our top priority as we approach the summer. The Camp Joy staff has worked tirelessly with our board, medical staff, and government officials to ensure the best way to execute the summer. Our camper numbers per week will be limited with a passion to keep our campers and staff safer and healthier.

Register your teens and juniors today! You must also complete the COVID - 19 pre-registration form on our website whether or not you have already registered.

May God bless you!
